

Adult Registration

Adult Behind-The-Wheel lessons cost \$50.00 per hour. We require a pre-payment of \$300.00. This amount pre-pays for 6 (six) hours of lessons.

The Average Adult Student requires about 1/2 hour of lessons per year of age to reach a basic driving ability level. At this level the student should be able to pass the *Road Test*. For example if the student is 20 years old, they would require about 10 hours of lessons. A 40 year old student would require about 20 hours of lessons. These are averages, some students learn more quickly and some take longer.

The Student is required to:

- Wear footwear with a heel of no more than 1 inch.
- Have their driving permit with them.
- If the student has an "A" restriction on their permit, have their corrective lenses with them.
- Students with long hair must manage to keep the hair from their vision when driving.
